PROSECUTION ORDERED

STATE BOARD OF HEALTH HAS ISSUED ORDER FOR SEWERS TO BE CLOSED

ALL PROPERTY OWNERS AND TENANTS WHO DO NOT COMPLY WITH THIS ORDER WILL BE PROSECUTED

CESSPOOL IS DECLARED A NUISANCE

Dr. G. H. Albright, County Health Officer is in receipt of an order from Dr. Arthur T. McCormick to immediately issue warrants against owners and tenants of property on Main street as far as the Methodist church Black and Sampson streets, the City Jail and buildings on the west side of the Public Square, if they do not at once take action to connect their toilets with the city sewer. At present, a nuisance is being maintained by keeping an open cesspool at the back of the Hignite barn, the odor of which can be smelled for a block away. So bad is the odor that tenants below the Hignite property are in danger of contracting disease and are threatening to move out. This is the only one block from the City Public Square. This and the Main St. sewer will have to be connected with another sewer which must be built across land below that runs to the Creek.

Remember that this is now in the hands of the State Board of Health and if you own a home in any of the section mentioned and use a toilet that does not connect with the city sewerage, you will be prosecuted by the State whether you be a tenant or an owner. Better get together and devise some plan of meeting the situation.

While the main sewer is being built it should be large enough to take care of the houses on Main St. which have no sewer connection and are now using outside toilets.

CIVIL SERVICE EXAMINATION

A Civil Service examination for clerkship in the Barbourville post-office will be held here on September 5th. Anyone desiring necessary blanks can obtain them from Fred C. Miller, Temporary Local Secretary, at the local post office.

JUDGE ROSE ON OUR ROADS

Judge R. S. Rose, who is presiding over the Circuit Court, delivered a clean cut charge to the Grand Jury on Monday, the most important part relating to the condition of our roads which are not what they ought to be. Judge Rose asked that the overseers be required to call on the militia and that if they do not do so, the Grand Jury should indict them for failure of duty. He pointed out that where one or two had chug holes are allowed to remain, the whole chain of roads is crippled, like the weak link in a chain. Men should be warned in at once to work the roads. He further suggested that the citizens of Knox County do as was done in Whitley County where the County Judge, aided by Commissioner Rodman Wiley, called a meeting of overseers and arranged for a week's road working, all men between the ages of 18 and 60 being included in the call. As a result, between 2,000 and 3,000 men answered the call and, as the work had been intelligently mapped out by the County Judge and Mr. Wiley, everything done was of a uniform character and Whitley County roads are in good condition as a consequence. Less than a dozen men had to have warrants served on them for failure of duty.

Judge Rose suggested that the first week in September or October be set for Knox County to do such work.

PRESBYTERIAN CHURCH

COMPLIMENTARY LUNCHEON

On Friday, August 15, at 1 p. m. the Woman's Study Club entertained at the Jones Hotel with a luncheon in honor of Mrs. Nat Sewell, of London. The ladies assembled in the upper lobby of the hotel at the noon hour where, after introductions and pleasant chat, Mrs. Sewell made a talk on "Pooling our Interests for Reconstruction." Mrs. Sewell is a woman of commanding appearance and personality with a charming face that to see is to remember and her lectures always are a delight, not only on account of the logical treatment of her topic but also for the wording and arrangement which which is often epigrammatic. The public missed a great treat in not being able to hear Mrs. Sewell on Thursday night as was planned by the Club, but railroad connections prevented her from getting in that evening.

Mrs. John Harmon, from Chicago, made a delightful talk on Community of Interests developed thru war-work, especially the Red Cross as she knows it in Chicago.

The ladies were then invited to the dining room where, under the personal supervision of Mr. Claude Beale the following menu was served and greatly enjoyed:

Iced Canteloupe
Fried Chicken, Cream Gravy
Creamed Corn, Mashed Potatoes,
Stuffed Tomato Salad
French Dressing
Hot Buttered Rolls
Lemon Ice

Before leaving the table the loving cup was passed and Mrs. Sewell was beautifully toasted by Mrs. G. F. Tinsley and others of the Club.

The following Club members and guests were present:

Mrs. Nat B. Sewell, London, Ky., Mrs. G. F. Tinsley, Mrs. Z. T. Ralston, Mrs. James Golden, Mrs. R. H. Newitt, Mrs. W. W. Sneed, Harlan, Ky., Mrs. B. B. Golden, Miss Billingsly, Mrs. T. D. Tinsley, Mrs. L. L. Richardson, Mrs. Norval H. Cobb, Warren, O., Mrs. Leroy Brown, Varrilla, Ky., Mrs. John Harmon, Chicago, Ill., Mrs. C. P. Kennedy, Mrs. Charles F. Rathfon, Mrs. Fred Burman, Mrs. Raleigh Jarvis, Miss Nola Minton, Mrs. Jesse D. Tuggle and Mrs. Mande Tinsley Marcum.

SHOT FROM BUSH

MANCHESTER, Ky., Aug. 14.—Robert Hensley, one of the leading citizens of Clay County, was shot and killed near his home by unknown persons from ambush.

Mr. Hensley has long been the recognized leader in the Baker-Howard feud and was prominent as a Democratic leader in his section of the county. He was a nephew of Geo. Baker who was killed by J. D. Howard many years ago. It is thought this killing is the result of his prosecution of the parties charged with the various murders committed in that part of the county this year.

Five men have been killed on Crane Creek in a year and in every case it has been charged that the shooting was done from ambush. Mr. Hensley was Master Mason and the funeral service will be conducted by the Caution Lodge of Masons. —Louisville Herald.

THE OIL FIELD

Demetrios and Hunter have contracted for five wells in Edmondson County, near Rocky Hill.

The Pineville Oil Company will immediately put down a deep well on Stinking Creek.

The hole drilled by the Sherman and Cawn interests proved to be a duster.

Bernheim and Co. are cleaning out the old Epperson well near Girdler, preparatory to testing it out.

Wagner and Kane, of Omaha, Neb., are here to look after their oil interests.

S. A. D. Jones, of Richmond, Ky., is here this week looking after his oil interests.

Louisville parties who are operating on the W. N. Epperson farm will soon have No. 1 on the pump which is showing for a nice well.

Lee Jackson, representing the Pineville Oil Co. in this county, was in Barbourville this week looking after the company's interest.

Robert Jackson is still drilling on the Weaver Oil Company lease near Bailey's Switch and the well is expected in the last of this week.

J. A. McDermott, R. W. Edgett and Z. T. Ralston are back from New York where they went on all business.

The Associated Producers have hauled a rig to No. 3 on Moore's Branch of Hector's Creek in Clay County.

N. C. Hunter, the oil man, went to Paris, Louisville and White Plains on business the beginning of the week.

W. W. Strain, of Sistersville, W. Va., with the Wiser Oil Company, was here during the first of the week looking over the territory.

J. A. McDermott has made a location on a second tract belonging to I. N. Jones of Little Richard. His clients will begin drilling the first of the week.

The well drilled by Bernheim & Co., on the Miller Jarvis place, showed only a trace of oil in the Jones sand and they are going down to the Epperson sand.

Mr. Bingham, of the Bingham Oil Company is here this week preparing to get his pipe line connected to his tanks on the I. N. Jones lease.

It looks as though Knox County is coming to the front in the oil world as there is renewed activity in leasing by both local and outside parties who are getting every lease obtainable.

The well near Jarvis Store is drilling at 400 feet with good indications. This operation was started by the Burbon Oil Co. but has been sold to Louisville parties who expect to drill to what is known as the Epperson sand if a pay is not found in the Jones sand.

There is a growing desire to have some big interests make deep tests in this county. All indications point to the existence of big oil below where present operators have gone. State geologists report prospects for this county most favorable and it only awaits the operations of some firm with the money to do big work to show what is here and probably reap a great oil harvest.

CARD OF THANKS

We wish most sincerely to express our heartfelt thanks to the friends who were so kind in help and sympathy during the illness and death of our loved one, Mrs. I. D. Wigginton.

Dr. I. D. Wigginton
Dr. Wm. Burnside and Family.

OUR SACRED DEAD

We lay our dear ones to rest in the quiet bosom of God's Acre, the most sacred plot of ground in our ken. We plant grass and flowers over their final resting place and find this a labor of love, since it is a tribute to their memory and the only one we can render which gives us a real sense of nearness.

Our cemetery is beautiful and the majority of the graves show every evidence of loving care, but there are some few graves which need attention. Do not let these continue to show neglect, but put in a little work on them for old sake's sake.

KNOCKED STIFF AT CROQUET

Charlie Main and Dave Wilson are crowing over a victory they put over Sawyer Decker, Captain John Henry Lawson and several other would be croquet champions. They looped the loops and circumnavigated the wooden spheroid in such a skillful manner that their opponents simply were not in it. Hence the crow. The defeated ones, however, are not yet ready to quit the crowd but are using snake-oil nightly on their elbows, with a dark revenge in view. As it happened, W. H. Faulkner, better known as Soda Bill was out of town practicing Shriner aeroplane stunts but will be home next Sunday, when O Boy! Sunlin' doin'! It is also reported that Jeff Moore is after a few scalps to hang in his hall. It's a gloomy outlook for somebody.

CIRCUIT COURT OPENS

Circuit Court opened Monday with Judge R. S. Rose as presiding Judge. Besides a number of misdemeanors cases several murder cases are to come up for trial. The Grand Jury is composed of the following citizens:

Levi Bennett, John McVey, Milt Sealf, Jack Logan, M. P. Adams, Mance Himmans, Ely Bowlin, Jeff Hammons, C. B. Wilson, R. S. Smith, William Johnson, and John C. Jones Foreman of the Jury.

DEMISE

The soul of Mrs. Margaret Burnside Wigginton, wife of Dr. I. D. Wigginton, took its flight to eternal rest on Thursday, August 14th. Death occurred at the home of her father, Dr. Wm. Burnside. The funeral service was held at the home of Revs. W. B. Minton, J. B. Hudson, of Victoria, Texas, G. H. Greer, of Danville, and R. R. Rose officiating. Interment was in the City Cemetery.

Those present at the funeral from out of town were Mr. and Mrs. A. M. Kinnard, Middlesboro, Mrs. T. K. Watson, Elys, Miss Lillian Kinnard, Lancaster, Miss E. T. Wigginton, Louisville, and J. S. Wigginton, Louisville.

Mrs. Wigginton was born at Lancaster, Ky., March 17th, 1881 and was beloved by a large circle of friends for her many sterling qualities of heart and mind. She will be greatly missed not only by the family but by these friends.

The sympathy of the entire community will go out to the bereaved family in this their hour of sorrow and loss.

LOSES LEFT ARM

We greatly regret to have to report that Alex Baker, of Flat Lick who runs a saw mill near that place, lost his left hand and part of his arm when he fell against a circular saw on Tuesday. Dr. F. H. Burton was called to attend to the wounded man and found that he and his friends had displayed great presence of mind in applying a tourniquet to the arm, the pressure of which checked the flow of blood, so that not over a pint was lost. He is doing as well as can be expected.

REGARDING THE POST OFFICE SITE

The report on possible sites for the new post office or federal building made by Superintendent Berryman, has resolved itself into a recommendation of two lots, those being, first choice, the Robert L. Riley lot, corner of Liberty and Dishman Streets, 123x145 feet, \$5,000. Second choice, lot of Judge J. D. Tuggle, corner of South Main and High Streets, 120x140 feet, \$5,000.

The sites mentioned above have been referred to the Post Office Department with the request of that Department's views as to the suitability of the recommended sites from a postal standpoint and as soon as the report thereon is received in Washington the case will be taken up for final action if found practicable to do so.

It is understood that if there is strong contest among citizens who have lots for sale, it may delay the building of a new postoffice or even frustrate the building of it altogether, since the government is not over anxious to build new postoffices in towns the size of Barbourville. Hence, the plea is made that this be not done, but that we all work in harmony to get the postoffice built. Congressman J. M. Robeson has done his part and has in no way tried to influence the citizens in their suggestions, but he is anxious that we get the building while the getting is possible.

DIXIE HIGHWAY ASSURED

The Fiscal Court of Knox County met Monday and Tuesday to discuss the question of the routing of the Dixie Highway, the United States engineers having decided on two possible routes. It appears that the route most favored by the Court still lacked right of way at or near Flat Lick and a committee was appointed to at once get those right of way spots signed over for the purpose of being converted into public road. The committee left Tuesday evening for Flat Lick to get the matter put thru, displaying a most commendable energy in this important affair. After the signatures are secured, the Court will decide next Monday which route shall be taken.

The Advocate has had nothing to say on the status of the Dixie Highway for some time as we knew that nothing could be done until the Federal engineers had worked out their comprehensive plan. It is a matter of congratulation that this has now been done and the road is assured. Our people will not know how much the road will mean to them in dollars and cents until it is completed, but, safe to say, it will mean thousands of dollars of ready cash poured into the coffers of the merchants every year.

The next best thing to do will be to build good roads all over the County which will encourage trucking, fruit growing, etc., which in turn will swell the bank accounts of the citizens generally. Let's get busy!

DOCTORS

The nice thing about being a doc-
tor is that it is such an easy life.
He rises at the usual hour, goes to
his office, lets people stick out their
tongues at him, listens to see if their
bellows are hollowing properly, notes
how the automatic pump is working
gives the patient a prescription and
a word of cheer and goes home—
perhaps!

On second thoughts we don't be-
lieve this is the man of whom we are
thinking. The doctor may not have
such an easy life after all, because
besides the little or big surgical
cases which come to him at the of-
fice, there is the constant scurry
from one bed of pain to the other,
the deep study as how best to save
the life so dear to others, hours
when the doctor man, weary to the
bone, pits science against death in
the struggle to save two lives. He
works and watches as the tide of
life ebbs and flows, works and
watches with a passionate human
sympathy as well as with scientific
precision. While there is a single
flicker of chance, he fights grimly
and when this is gone he makes the
balance of the road as easy to travel
as he may and goes forth to bed
and other telephone calls.

The doctor man is found in the
poorest Kentucky hut where condi-
tions of living have laid several of
the family low. His chance of pay
is negligible, but he works and
watches just the same, supplying
the medicines from his own stock
and charging the amount to human
nature, dead heat.

Thus when the doctor man has
saved our dear ones or has lifted
from us a few Kilkenny cats that
had settled in our systems and were
tearing our vitals out, we think on
him in grateful love and when we
get his little billet-doux for services
rendered we fairly fly to his office
to pay him as far as money may pay.
That is the kind of folks we are,
you bet — ain't we now? Unless
when we get another dose of Kil-
kenny cats, we remember that billet-
doux and send for another doctor
so we may stand off billet-doux No 1.
Perhaps that is the kind of folks
we are, you bet — ain't we now?

There is one thing tho, at which
even the doctor man fails down and
that is in an ability to cut out the
human meanness in us. And so,
when we feel like cheating the doc-
tor man let's go to it, conscious of
the fact that we are dealing with
a chivalrous chump who will treat
an ingrate who has bitten the hand
which treated his wounds.

There are all kinds of "Just
Folks" in the world, but there is no
kind which radiates more cheer,
banishes more pain and helps com-
mon humanity along life's pathway
more completely than the prototype
of him who went about doing good.

And when "doc" dies and is
buried, we feel that the long hours
of thought, sweat and toil for others
will secure for him a special cross
of honor to commemorate his hours
of self crucifixion in the country of
Just Folks.

ROMAN NATURE

THE WORLD OVER

Whenever plans for a new road
are announced it is human nature
for those who live along the way,
either to bring pressure to bear to
have the thoroughfare constructed
in front of their door, or else to
force the Highway Department to
make detours to save cutting thru
piece of property.

Perhaps no single feature of road
work has caused the State Highway
Department as much trouble as those
two problems that of wanting the
highway to "pass along my door"
and that of securing adequate right
of way properly located.

Such a policy always reacts upon
the owner in the long run, since
the more direct the road and the
better located, the greater the travel
will be and less the cost of mainte-
nance. It follows that increased prop-
erty values will more than offset

concessions made to the State.

Unfortunately we are not all fully
educated to a proper understanding
of this phase of road work yet, and
as many of our State laws do not
give the highway commissioner full
authority, our main roads are usu-
ally as full of kinks as a picka-
ninny's hair.

Not only does it impair the useful-
ness of the road, but it adds consid-
erably to the factor of danger, for the
frequent abrupt curves are made
necessary by these detours.

THE COUNTY FAIR

Knox County is fortunate in hav-
ing a good County Fair and the Ad-
vocate urges all citizens, whether
living in the country or town, to turn
out and patronize it. A Fair is a
big stimulus to better farming in
all departments and it should have
our full support. The directors are
already busy making this the best

OLD JIM IS DEAD

There is mourning in the home of
J. D. Faulkner. Old Gray Jim is
dead. For thirty-three years, indeed
since he came into the world as a
little acramble legged colt, he has
been one of the family. Since the
time when he first learned to be of
service, he has been farm horse, liv-
ery horse, saddle and buggy horse.
During these years he has contribut-
ed much to human welfare and has
done his part toward making the
world a better place in which to live.
He neither cursed, drank whiskey,
smoked, chewed, lied, told the in-
sidious story, nor planted the poi-
soned barb of malice, dear to the
gossip. On the contrary, he met life
as he found it, with good temper
and the faithful exercise of strength
wherein he fulfilled the duty of a
good Christian.

Now he has passed and who shall
say that old Gray Jim is dead since
he left behind him an example of
good deeds which we bipeds might
well emulate. May his sleep be
sound and if perchance there is a
place for the faithful horse in the
future scheme of things, it is cer-
tain that Old Gray Jim will find
good pasture where he can browse
and that he will look for the friends
he loved while a working horse
among the hills of Kentucky and
give a whinny of welcome when he
meets them.

And when "doc" dies and is
buried, we feel that the long hours
of thought, sweat and toil for others
will secure for him a special cross
of honor to commemorate his hours
of self crucifixion in the country of
Just Folks.

When a Barbourville citizen comes
to the front, telling his friends and

rely on his sincerity. The state-

places do not command your confi-
dence. Home endorsement is the
kind that backs Doan's Kidney Pills.
Such testimony is convincing. In-

a statement of a Barbourville resi-
dent. No stronger proof of merit
can be had.

order and my back ached and pained
terribly. I could hardly do any
stooping or lifting and my kidneys
were, at times, too frequent in ac-
tion and then again sluggish.
Doan's Kidney Pills soon rid me
of the backaches and put my kid-

FROM CHERRY-BLOSSOM LAND

The Japanese Give Good Example

It is a pro-
verb of Cherry
Blossom Land
that beauty of
face and fig-
ure depend
on womanly
health.
What is it
that makes our
American wo-
men often pale,
sallow-faced,
with dark cir-
cles under the
eyes, and very
often old at
forty-five when
they should be
in their prime?

Women suffer
in girlhood
from back-
ache, spine-ache and headaches, followed
by irregularities and as a result diseases
of the womanly organs are more common
than any one but a physician in active
practice could suppose.

After long experience in the treatment
of women's diseases, Dr. Pierce evolved a
vegetable tonic and corrective which he
called Dr. Pierce's Favorite Prescription.
This is a purely vegetable preparation,
without a particle of alcohol contained
in it.

When a woman complains of backache,
dizziness or pain—when everything looks
black before her eyes—a dragging feeling,
or bearing-down, with nervousness, she
should turn to this "temperance" herbal
tonic. It can be obtained in almost every
drug store in the land and the ingredients
are printed in plain English on the
wrapper. Put up in tablets or liquid.
Dr. Pierce, of Invalids' Hotel, Buffalo,
N. Y., will send a trial size of the
tablets for ten cents.

REPUBLICANS WIN

GREAT VICTORY

Captain King Swope Elected To
Congress From Eighth Ken-
tucky District

JUDGE HARDIN IS DEFEATED

Inspired by Overwhelming Success,
Republicans Are Determined to
Elect the Entire State Ticket in
November.

Thrilled by the splendid campaign
of Captain Klag Swope, Republican
candidate for congress from the Eighth
Kentucky Congressional district, and
electrified by his magnificent victory,
Republicans of Kentucky are going
into the state contest to win.

The Log Cabin men are determined
that when the polls close on the night
of November 4, the complete Republi-
can state ticket and a Republican
majority in the state legislature shall
bring to an end the utterly incompe-
tent administration of state affairs by
the Democratic party during the past
eight years.

The contest in the Eighth Kentucky
district has aroused nation-wide inter-
est. Captain Swope's opponent, Judge
Charles A. Hardin, is one of the wheel-
horses of the Democratic party in the
state. As chairman of the Democratic
State Central Committee he occupies
one of the most responsible positions
in the gift of his party. The Eighth
Congressional district has been almost
solidly Democratic for so many years
that the mind of man runs not to the
contrary. The late Hon. Harvey W.
Helm, whose sudden death last spring
caused the vacancy in the district and
brought about the special election, was
serving his sixth term as a Democratic
representative from the district.

The contest was waged on national
and state issues. Captain Swope for-
mally denounced the League of Nations
covenant in its present form, the adop-
tion of which by the senate is de-
manded by the President. The cap-
tain also turned his attention to state
politics and flayed the Stanley admin-
istration.

Judge Hardin could do nothing but
accept the challenge and defend the
Wilson administration, and, as one of
the leaders of his party in the state,
defend the Stanley administration.
Election day came. Republicans,
aroused to a high pitch of enthusiasm
by the spirited campaign and the force-
ful declarations of their candidate, put
on their fighting clothes and went to
work. The Democrats, plainly hav-
ing no stomach for the League of Na-
tions in the face of the high cost of
living at home and evidently disgusted
beyond measure with the Stanley ad-
ministration in the state either stayed
at home or voted for Swope.

As a result, the Eighth Congress-
ional district instead of returning a De-
mocratic majority (as 1,397 for Mr.
Helm at the last congressional elec-
tion) kicked clear over the traces and
gave Captain Swope the splendid ma-
jority of 1,700.

Inspired by this victory, with the
utmost confidence in the ability and
high standing of Edwin P. Morrow
and every other candidate on the state
ticket, smarting under the theft of
their well-earned victory four years
ago and believing absolutely in the
principles declared in the party plat-
form adopted at the state convention
at Lexington in May, the Republicans
of Kentucky are going out to win at
the election November 4.

AT STATE HEADQUARTERS

Republican Campaign Managers Are
Planning a Vigorous Campaign for
the Fall Elections.

Republican state headquarters on
the third floor of the Republic build-
ing a few steps from the Wattersou
Hotel in Louisville are teeming with
activity.

The complete state organization is
being rapidly effected in preparation
for an active campaign to be conduct-
ed with vigor until the election on No-
vember 4.

Organization, speakers', publicity
and other bureaus have been estab-
lished and state-wide promotion of the Re-
publican cause is now being carried
out.

Already the campaign tours of can-
didates and well known speakers with-
in the party ranks are being arranged
and by election day every section of
Kentucky will be given an opportunity
to hear the principles for which the
party candidates stand declared from
the platforms.

Publicity of a convincing nature is
being outlined. Facts and figures will
be produced to show the misrule of
the Democratic party that has plunged
the state deeper into debt and has
placed tremendous burdens upon the
taxpayers.

Republicans of the state and all oth-
ers who believe in a fit administration
of state affairs are cordially invited to
visit headquarters in Louisville.

STATE CANDIDATES AT MEETING.

An enthusiastic meeting of all the
candidates on the Republican state
ticket in Kentucky was held at the
state headquarters on the third floor
of the Republic building in Louis-
ville, and general plans for an agree-
able campaign were adopted.

Cash Premiums of \$40,000 Is the Guarantee Fair Banner Beef Show

Of the \$110,000 offered in prizes for live stock and agricultural exhibits at the seventeenth annual Kentucky State Fair to be held in Louisville the week of September 8-13, \$40,000 has been apportioned to the Beef, Cattle and Patted and Feeding Cattle Department alone. In consequence, it is expected that the greatest exhibit of fine cattle in the history of the Fair will be entered for competition in this department.

It was the purpose of the State Fair management, in assigning this gigantic sum to the cattle division of the Fair to stimulate the rapidly waning industry of cattle raising and breeding and the interest already exhibited proves the potency of the move.

Three of the leading brokers of America have entered many carloads of the choicest steers and she stuff in the fattest and feeding cattle class and the whole allotment will be sold at public auction to be held on the State Fair grounds, beginning Thursday of Fair week. Jack Lawler, Sherrill and Lett and William Daniels and Brother of Chicago, are the consignors of three cars of steers and two of heifers for the first, three cars of steers and two of heifers for the second, and four cars of steers and one of heifers for the last named.

These entries have every one been selected by competent judges from the many thousands of cattle passing

through the Union Stock Yards in the past ninety days and will offer a splendid opportunity for feeders and dealers.

Although a lesser sum was assigned to the beef cattle department last year a most encouraging exhibition was the response to the Fair's substantial premium awards and, arguing from this fact it is expected that the competition and auction in the cattle department will eclipse any former event in Fair history. A great showing of Herefords marked the 1918 exhibit, but a better one is looked for this season. With \$5,000 offered in the Short-horn Division it is expected that this competition, which is open to the world, will bring forth an unusual showing.

The Blackfaced Aberdeen Angus have also developed popularity and are regarded as strong "comers."

A Kentucky Futurity with \$3,000 in awards, is announced for breeders and owners of the above named varieties of cattle. \$1,000 is set aside for the Herefords, Shorthorns and Aberdeen Angus breeds.

The futurity is limited to Kentucky cattle only and is for animals under two years of age. There will be six classes for each breed. The various rules and rings will be found in catalogs which will be mailed on application to Fount T. Kremer, Secretary Kentucky State Fair, Louisville, Ky.

PUBLIC SALE OF WAVELAND

One of the Most Desirable Farms in Boyle County,
just outside the city limits of

Danville, Ky., Thursday, Aug. 28th.

At 10 o'clock a. m., on the premises.

This farm comprises 245 acres of deep rich soil, and has an elegant Colonial Brick house of eight rooms, front and back porches, basement under entire house, furnace, hot and cold water, with bath etc. Servant's house, barns and all necessary out-buildings, including one new tenant house; well fenced and extra well watered with living springs; is in a high state of cultivation, never having a crop of tobacco grown upon it.

Danville is noted as a great educational center, and is growing rapidly. This is a logical way for it to grow, and we believe in a very short time this farm can be sub-divided and sold in lots and baby farms at fancy prices.

The owner, Judge John W. Hughes, on account of his health, has instructed us to sell without reserve, by-bid or limit.

Terms liberal, and made known on day of sale.

At the same time and place we will sell all of his personal property, consisting of growing crops, live stock, farm implements, household and kitchen furniture. Judge Hughes will take pleasure in showing the farm and personally to interested parties at any time before the day of sale

NATIONAL WELFARE SOCIETY

An extension campaign for Community recreation and welfare centers is now being arranged by the National Welfare Society. Our city is included in the list of new institutions to be organized. Headquarters will be secured at an early date. The National Welfare Society is one of the pioneer societies connected with the community movement, having been organized in 1915. A charter was applied for and granted in 1910. The activities of the local centers will embrace the departments of Health, Education and Recreation and will include instruction in Home Nursing, Child Welfare and Training, Lecture Service on Good Health, etc.

The Educational features comprise classes in Sewing, Homemaking, Physical Culture, Singing, Music, Stenography, Literary Societies, Drawing and Photography.

Carving and Carpentry work for the boys, and a Vocational Class for young men and young women will be organized.

The department of Recreation will include Basket Ball team, Hiking Club, Young Men's and Young Women's Physical Culture Clubs, Community Choral and Orchestral Society, Girls' Glee Club, Stereopticon Lectures, Entertainment Concerts, Socials and Concerts.

A unique feature of the Society's work will be the training of local young men and young women in Community Service work. This training is given under the supervision of an expert and is given free of cost to the student.

The Society believes that service and not the dollar will be the measure of man's worth in the future. That the great question will be "What service have you rendered humanity?" and to this end its aim will be to instruct and entertain and make life worth while.

Local workers are needed to assist in the various departments and any one interested is requested to write at once to the Director National Welfare Society, Central Bank Building, Columbus, Ohio.

The urgent need at this time is for a young woman of ability who would act as local secretary.

To Improve Your Digestion

"For years my digestion was so poor that I could only eat the lightest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them did I find the right treatment. Since taking them my digestion is fine." —Mrs. Blanche Bowers, Indiana, Pa.

UNITED STATES TIRE NEWS

The advent of cord construction in automobile tires has made possible the manufacture of tires which give astounding mileage, yet there are many automobile owners who have found so great a degree of satisfaction in some favorite brand of fabric tire, that they are loath to change to the new type.

The United States Tire Company reports sales of its fabric brands that show these tires are constantly gaining favor among motorists who want good tires at a moderate initial cost.

President J. Newton Gunn of the United States Tire Company has received this letter from a New Haven merchant, telling why he remains firm in his allegiance to the "Chain" tread:

"I think 20,346 miles up to date is a remarkable record for three out of a set of five of your 35x4½ 'Chain' tread tires. They are still on my seven passenger car in serviceable condition, and the car is used every day.

"The full set of five tires was put on my new car the first week in March, 1915. The first of the set went out of commission April 2nd, 1918, after running 16,163 miles. The second blew out beyond repair the month following, but the remaining three have been running ever since. I have had few punctures or blow-outs, owing to the elasticity and durability of the tires."

FOR SALE

One tract land near Fair Grounds 6½ acres with three good dwelling houses and one barn; good well, one smoke house with cellar underneath; has forty-five bearing fruit trees and nice grape vineyard. For particulars and terms of sale call on or address J. L. Ellis, Barbourville, Ky. 41-31

Cure For Dysentery.

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did and fully believes that by doing so he saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results."

"Why I Put Up With Rats For Years" Writes N. Windsor, Farmer.

"Years ago I bought some rat poison, which nearly killed our fine watch dog. It so scared us that we suffered a long time with rats until my neighbor told me about RAT-SNAP. That's the sure rat killer and a safe one." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Wilson Bros. and Costello Drug Company.

Why Suffer?

Mrs. J. A. Cox, of Alderson, W. Va., writes: "My daughter... suffered terribly. She could not turn in bed... the doctors gave her up, and we brought her home to die. She had suffered so much at... time. Having heard of Cardui, we got it for her."

CARDUI

The Woman's Tonic

"In a few days, she began to improve," Mrs. Cox continues, "and had no trouble at... Cardui cured her, and we sing its praises everywhere. We receive many thousands of similar letters every year, telling of the good Cardui has done for women who suffer from complaints so common to their sex. It should do you good, too. Try Cardui."

THE MIGHTY HAAG SHOWS

Are in Helena today, and the small boys, and the large ones, too, are in their glory. The Haag Shows are independent of the trust, are absolutely free of the obnoxious grafting games, and in every particular are clean and up-to-date. The parade at noon shows well, and the menagerie is as rare as any seen in this city. The tent was packed with a well pleased audience this afternoon, who only wish the Haag Shows would make Helena often.

A night performance will be given and those who come early will be the ones to get the seats, for the Haag Shows sell only their seating capacity.

—Helena News, Helena, Ark.

The Mighty Haag Shows will exhibit at Harboursville on Thursday, August 28th.

ARKIE ANGLINGS

Mr. and Mrs. Cal Hollifield, of Page, Ky., have been visiting Mr. and Mrs. Robert Eagle of Arkie.

Chop Hollifield is working at Manchester, Ky.

Balenger Brock and Clyde Long have been visiting James Brock.

Mrs. August Eagle is quite ill at this writing.

The brother of George Haggard, of Stinking Creek, died recently from stomach trouble and was buried at Broffard graveyard, Arkie.

Born to Mr. and Mrs. John Eagle, a boy, Oscar.

Prof. H. M. Oldfield spent Thursday in town but will be in Owensboro a few days more.

J. E. Archer, of the Y. M. C. A. at Russell, Ky., is here with Mrs. Archer for a few days. Russell is a railroad center for the C. & O. with yards twice as large as those of Corbin and the institution serves from 1,000 to 1,100 per day. The total for July was 27,900 meals.

Miss Marie F. Ryerson, representative of the Butterick Company, who is placing orders for the Delinator, thru the Costello Drug Store, has made a number of warm friends during the short time she has been in Harboursville. Miss Ryerson has spent a number of years in newspaper work, has been twice to Japan three times to Europe and has acquired a wide range of knowledge thru her travels and, also, thru the fact that she is interested in the different phases of life. It is not so much what we see with the human eye that counts, as the ability to sort out and catalogue our impressions. Miss Ryerson has this faculty splendidly developed.

Miss Elizabeth Catron, daughter of Dr. and Mrs. I. T. Catron, of Atlanta, Ga., is visiting relatives here for a few days.

Thomas Bain Culton, attorney of Corbin, was in town this week on legal business. Mr. Culton was born in Harboursville and has a large number of friends here. Before entering law he held the position of Superintendent of the Corbin public schools.

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It Is a Blood Infection.
Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.
Science has proven that Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons.

S. S. S. has been successfully used for Rheumatism for more than fifty years, and many voluntary testimonials are on file from those whom it has benefited. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. For treatment of your individual case, address Chief Medical Adviser, Swift Specific Co., Dept. 43, Atlanta, Ga.

WHY WOMEN SUFFER

Some do it from ignorance; some from carelessness; some in a spirit of martyrdom and some from a mistaken sense of duty impelling them to go on sacrificing themselves for others, until they "drop in their tracks".

Thousands of women have learned better; have found out that it's wrong to suffer from the peculiar ills of womanhood; because they need not do it.

STELLA VITAE, the old-time "Woman's Relief" "Mother's Cordial" has been helping the women of the South to health and happiness for half a century.

It is the prescription of a famous old Southern doctor and has proved successful with thousands of women and young girls.

STELLA VITAE is compounded in the laboratories of the Thacker, Medicine Co., Chattanooga, Tenn., and sold by all druggists at a moderate price. Money refunded if the first bottle fails to help.

PALPITATION OF THE HEART!

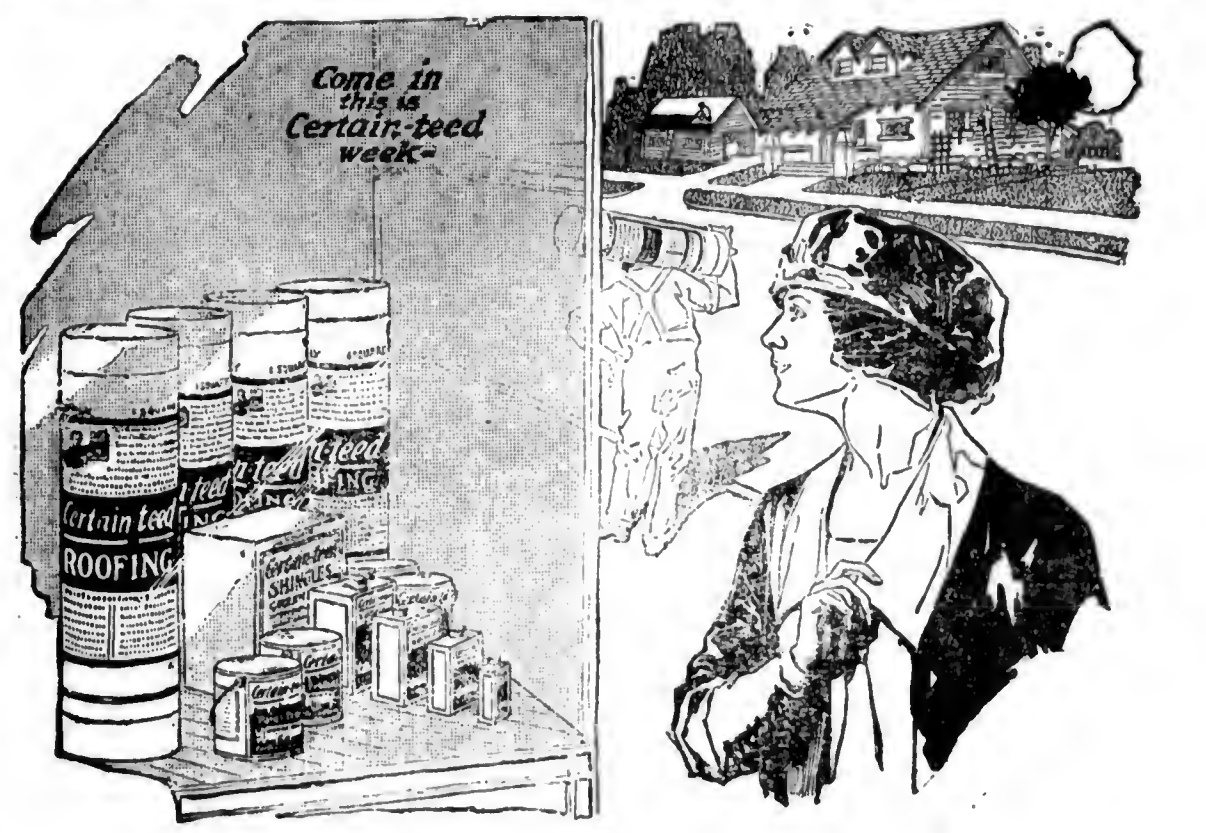

The experience of a woman who has successfully passed the "changes" is valuable. This lady tells of the "bridge that carried her over."

"I was in a most wretched condition at that most critical time in a woman's life, 'the change.' I had palpitation of the heart and would swell and blot in a very distressing way."

"I took five bottles of STELLA VITAE, and I am happy to say that it cured me. When I began I weighed only 108 pounds. I now weigh 135 pounds."—Mrs. E. M. Russell, N. C.

E. King, of Elyva, was here Tuesday on a visit to his brother, John King. Mr. King is working with the Kusawaha Coal Company and states that little work is being done on account of shortage of goods.

C. H. Bingham and family drove through from Indianapolis by auto this week, making the trip in less than three days which is good going. They will remain here a week visiting relatives.

This is Certain-teed Week August 18 to 23

This is a "big" week the country over—a week especially set apart by Certain-teed dealers to assist you in properly starting your new home and in setting your present home in order for the fall and winter.

Every home and building needs Certain-teed extra quality roofing or paint; possibly the interior wood-

work needs touching up a bit, or the floors need a coat of wax or varnish.

You will find it to your advantage to visit your Certain-teed dealer this week and learn from him how you can carry out your plans at the least expense and with the best results.

Your Certain-teed dealer will advise you in making the selection which will best fit your need.

And whenever you have painting or roofing work done, make sure to specify Certain-teed. You will then be assured of the best and most lasting results.

SOME TOMATOES

Q. E. Sanders brought a basket of tomatoes to the Enterprise office Wednesday that outlasted anything we have gazed upon for a long time. The largest was six inches across and weighed 29 ounces. They were raised in Mr. Sanders' garden on Ivy Hill.—Harlan Enterprise.

These would have been fair sized tomatoes in Knox County where the soil is so rich that a color blind gentleman recently mistook some of our tomatoes for cantaloupes.

MOONLIGHT SCHOOL WORK

Mrs. Millie Nash was at Elys School House Monday night where a Moonlight School has been started under the efficient instruction of Miss Sarah Lester and Mrs. Dovie Clouse. Eleven pupils are attending the sessions. Another Moonlight School has been started at Wheeler under Miss Rhoda Shelton with eleven pupils in attendance. Other schools are projected.

Governor J. D. Black has set August 25th to 30th for the waging of the Illiteracy Campaign and has written an inspiring message on the subject. It is to be hoped that our people will give every encouragement to this splendid work that the reproach of illiteracy in Kentucky may be wiped out.

TEACHERS MEET

Teachers Association, Educational Division No. 2, met at the Ketchen School House August 16th, and had a good all day meeting. Thirteen teachers were present. Some who took part in the meeting were Rev. R. L. Creel, Prof. R. L. Ogle, Mrs. Millie Nash, Prof. D. M. Humble, Prof. R. E. Burnett, and Dr. Leslie Logan. There was free discussion of all the topics. The next meeting will be at the Forks of Stinking Creek, Saturday, August 23rd.

SUGGEST PLANTING ORCHARDS HIGH UP

W. H. Davis, three miles down the river, says corn in his section is as good as it has been in ten years. Mr. Davis is an advocate of planting orchards high on the hills where they will be less liable to frost. He also suggests that the soil be pulled around the trees in the winter and thus keep them back in the spring.

HEN WILL RECEIVE

Lady Walnut Hill, the hen that beat the world's record by laying 94 eggs in 94 days and 292 eggs in a year, will receive visitors at the exhibit of the College of Agriculture at the State Fair in September. This exhibit by the college will be much more comprehensive and attractive than it was in 1913. Great care and thought have been put into making the care of soil, the management of farms, the handling of live stock and the building of a dairy herd impressive.

Winston Perky, the nine year old son of Mr. and Mrs. E. H. Perky, of Highland Park, died on the 15th, as the result of an attack of typhoid fever. The interment was at Artemus on the 16th.

WILLIAM HORN PASSES

William Horn, of Poplar Creek, died from heart failure Sunday morning, aged about sixty years. The funeral was held at the home, interment being at the home place. A wife, three sons and two daughters are left to mourn his loss.

MILK STATIONS INCREASE

Three hundred and sixty men are testing cream and milk in all portions of Kentucky under license from the Experiment Station at Lexington. These testers at skimming and receiving stations allow the small farmer who keeps a few cows an opportunity to market the surplus butter fat in his cream on a cash basis. This enormous number of testers shows that Kentucky is rapidly increasing her output of dairy products.

A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.

DEMOCRATIC RESOLUTIONS

BE IT RESOLVED, by the Democratic State Central and Executive Committee, in Joint Session, that, WHEREAS, the chairman of said committees has heretofore issued a call for these committees to meet and take such action at this time as is deemed wise and proper in the interest of the Democratic Party, confronted as it is by the Fall Campaign for State offices.

THEREFORE, BE IT FURTHER RESOLVED, that it is the expression of these committees that the action of the said chairman in calling said committees for the purposes indicated, is now ratified and confirmed.

BE IT FURTHER RESOLVED, man and dTIs shrd cmfwy xzfi cm by these committees, that the Chairman and Secretary then be issued a call for a delegate convention to be held in the City of Louisville, at the time hereinafter stated, for the purpose of adopting a platform upon which the Democratic Party shall go to the people of the State in the Fall Campaign, 1919, for State offices, and such call shall conform to the following requirements, to-wit:

First: A mass convention shall be held at 2 p. m. on the 30th of August, 1919, in each county in Kentucky to select delegates to such platform convention, except where there are more than one Legislative District in any county, then there shall be a convention held in each of said Legislative Districts, which platform convention shall be held in the City of Louisville, Ky., on the 4th day of September, 1919, same to be called to order at 12 o'clock noon, the place in said city to be selected by the chairman of these committees.

Second: There shall be one delegate allowed from said counties and Legislative Districts for each fifty votes cast for the Democratic electors in the Presidential election of 1916.

Third: The chairman of the Democratic Committees of the respective counties and Legislative Districts shall select the place of the holding of such county and district conventions, preference to be given to the court houses in the respective counties. Such chairman shall notify the voters of the time and place thru the newspapers when possible, where there are no newspapers, then by posted notices.

WEEK END PARTY

A merry company of young people spent the week-end at the hospitable cottage of Mr. and Mrs. J. A. McDermott at Dishman Springs. The order of the day and night was boating, bathing, fishing and serenading. In fact, the Sandman did not close eyes of blue and brown eyes too, to say nothing of gray eyes, and etc., until the clock pointed an accusing finger at 3 a. m. Some of the girls proved they almost knew how to cook beans and several were anxious to scald the water. The men were just men, staying away from the kitchen except when full of femininity or for a handout. The party consisted of Mrs. J. A. McDermott, Mr. and Mrs. G. W. Tye, Miss Mary McDermott, the charming young hostess, Roberta Cole, Loretta Farmer, Margie Brown Drucilla, Jewell and Lillydale Tye, Clarence Banks, Chester Erk, of Lynch, Philip Arthur, of Middleboro, William and Charlie Lyons, of Barbourville and Bryants Store. Mr. R. N. Jarvis and wife, T. H. Haden, Jr. and wife and Miss Stewart Miller who were out at the Springs and were caught by Jupiter Pluvius were given beds in the hay and chow to sustain life and happiness.

DEEPEST WELL IN THE WORLD

The Hope Natural Gas Company, of Pittsburgh, Pa., has a test well down 7579 feet in West Virginia and the Peoples Natural Gas Company are down 7248 feet. Both companies expect to go down 8,000 feet in a test for gas. The first well mentioned is the deepest well in the world. The temperature at a depth of 7,310 feet showed 168.6 degrees Fahrenheit.

REASONS FOR JOINING CHURCH

The Indiana Methodist gives the result of a questionnaire as to reasons for joining a church. More than 300 schools participated in the replies.

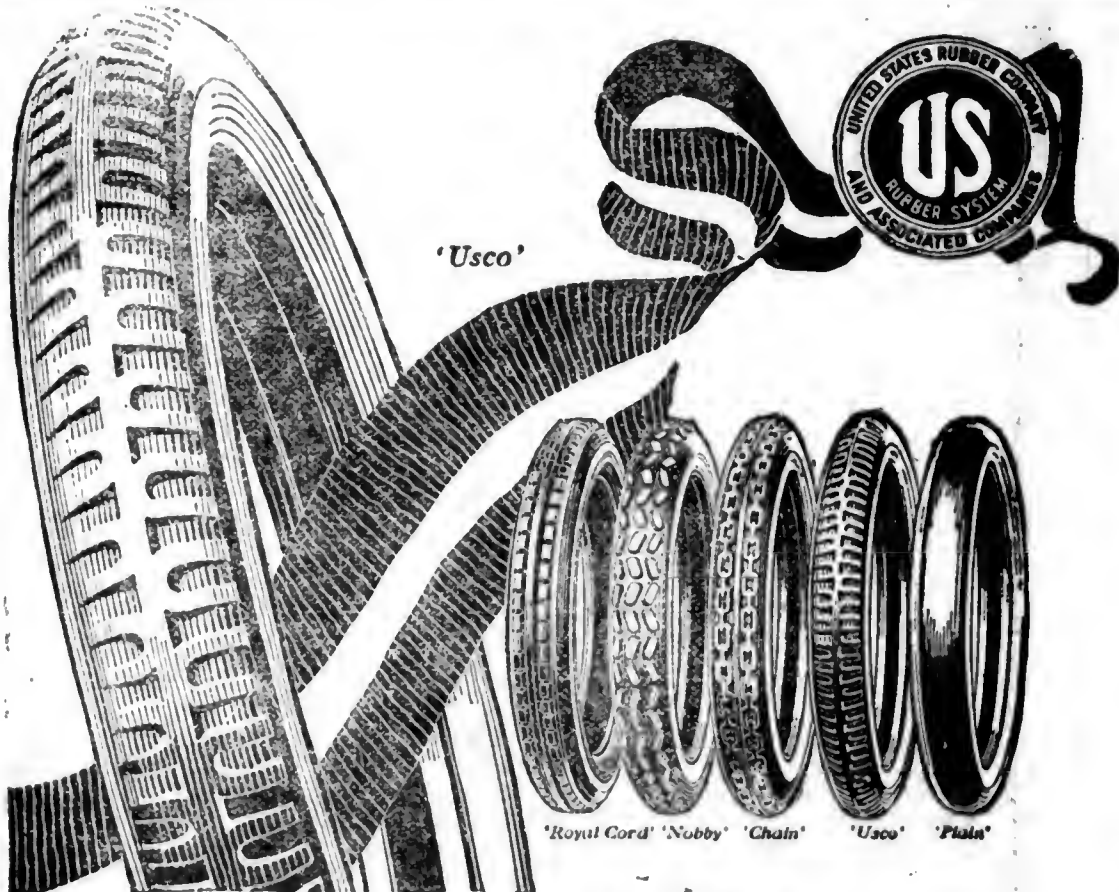

Sense of duty and conviction, 77, home influence, 61, influence of Sunday School teacher, 4, idea of service, 6, to secure social prestige, 3, revival, 4, influence of church, 1, influence of preacher, 1.

It will be seen from these replies what a preponderance of numbers joined the church as the result of a sense of duty and home influence and it would seem well to work on those lines in these days of laxity in church membership.

U. C. GYM STARTED

Excavation for the new gymnasium at Union College has been started and it is hoped to push the work rapidly so that it may be used for this year's games. We wish to draw attention to the Union College advertisement in this issue and urge the parents of young men and women who want a higher education to get in touch with Dr. Franklin and learn what Union College has to offer them.

Robert Henry Cole, Henry Matt Cole, Wm. Edward Dishman, and James McQuerry McDermott are down the river camping and fishing. Their elders will join them for the week-end and it is hinted by the younger set that they were sent out ahead on account of their superior knowledge of fish haunts. They feared their elders would starve to death were they left to their own judgment in the matter of choosing the fish biter.

We Vouch for Them

Of all the tires that are made,—why do you suppose we prefer to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense

facilities,—they employ many exclusive methods.

They can go to greater lengths in testing, improving and perfecting the things that make good tires.

We find it good business to sell United States Tires.

And—you will find it good business to buy them. They are here—a tire for every need.

United States Tires are Good Tires

We know United States Tires are good Tires. That's why we sell them.
